

Product Code

MB01

Technical Description

The perfect T5/T8 fluorescent lighting

- LED upgrade solution
- High Efficacy of 106lm/W for energy savings
- General lighting application for interior use Suitable for back-of-house, corridors, server rooms & storage areas
- Quick & easy installation using mounting clips

Electrical Specifications

System Power	33W
Input Voltage	240V
Control Type	ON/OFF, DALI, Casambi
System Efficacy	106lm/W

Physical Characteristics

Installation Method	Surface Mounted, Suspended
Trim Finish	White
IP Rating / IK Rating	IP20
Accessories	Without Accessory
Weight	1.8Kgs

Photometric Info

Luminaire Lumens	3490lm
Colour Rendering Index (CRI)	CRI80
Colour Temperature (CCT)	4000K
Beam Angle	100°

Polar Distribution Diagrams

Sirius 100°
